○ https://github.com/ravi-rkk

I am a motivated recent graduate with hands-on experience in Java, JavaScript, Kotlin, Spring Boot, React, Node.JS, MongoDB, MySQL, and Android development. I have honed my skills through practical projects and am eager to contribute to a dynamic team. With a strong passion for software development, I am seeking an entry-level role to apply my knowledge and work on innovative projects.

Skills

Java	**JavaScript**	**MySQL**	**React Native**	**MongoDB**
Java EE	**React Js**	**Node.js**	**Express.js**	**Github**
Spring Boot (MVC)	**Kotline**	**Android-Development**	**Bootstrap**	**HTML and CSS**

Projects

Prasthan(Railway Management System)(https://github.com/ravi-rkk/Prasthan-Train-management-system ↗)   *1 Month*
Hybrid Programming

- Prasthan Railway Management System: A streamlined platform using **React-Native**, **Node.js**, **Express**, and **MySQL** for efficient railway operations.
- User Features: Search, book, and manage train tickets with secure payments.
- Admin Features: Update schedules, routes, and ticketss and manage user queries through the dashboard.

The New Wave (E-commerce Website)(https://github.com/ravi-rkk/E-commerec-website ↗)   *1 Month*
) *React, MongoDB, NodeJS, and Express.*

- Developed an online T-shirt store using **React.Js**, **Node.JS**, **Express**, and **MongoDB**, with customer and admin roles for efficient management.
- Enhances efficiency and user experience by replacing traditional ordering methods with a seamless digital platform.

MochaGo(https://github.com/ravi-rkk/Coffee-Shop-App ↗)   *1 Month*
React-Native, MySQL, Node.js

- The Mocha Go Coffee Shop Management App is a full-stack mobile application built with **React Native** for the front end, **Node.JS with Express.js** for the back end, and **MySQL** for data storage.
- It uses JWT-based authentication for managing admin and user roles, ensuring secure access and functionality for both.

ChatSphere(https://github.com/ravi-rkk/Android-Programming ↗)   *1 Month*
Android Programming

- Developed an Android chat app using **Kotlin** and **Firebase** with user authentication, profile customization, and chat functionality.
- Implemented Firebase Authentication, Firestore for message storage, Firebase Cloud Messaging for notifications, and settings management with theme preferences.

Education

Centre for Development of Advanced Computing (C-DAC)	*Aug 2024 – Feb 2025*
Post Graduate Diploma in Mobile Computing	
Dr. A.P.J. Abdul Kalam Technical University	*July 2018 – Aug 2022*
Computer Science Engineering	

Extra Curricular

- Participated in Hacktoberfest.
- Participated in the college's technical fest.
- Awarded the Tritaya Sopan in Bharat Scouts and Guides.
- Achieved 1st position in the Group Dance competition (Zest and Ammod, 2022).
- Participated in the 47th KVS National Sports Meet 2016.
